

CLARK'S LIMITED TO PACIFIC

Solid Train Chicago to Los Angeles.

Finest Cars That Can Be
Built; Will Run Through
Salt Lake.

Senator Gives Out Interesting News
on Final Arrangements for Line
Which Is Nearing Completion.

Senator William A. Clark, president of the San Pedro, Los Angeles & Salt Lake, arrived from Butte yesterday morning, accompanied by Auditor H. I. Bettis of the road, and a stenographer. All the day Senator Clark was in close consultation with General Manager R. E. Wells and staff of the company, busily engaged in going over important details relating to the new through line to Los Angeles.

Early in the morning the Senator was seen at his office by The Tribune, and during a very interesting interview he gave out some facts about the road and its future operations that will be good news to the public of this region. In the first place he states that all the contracts are now in hand, the final one for the grading of the last gap of forty-six miles having been let to the Utah Construction company, and there is no reason to believe that the road will not be completed on time, by January 1 next.

Chicago to Los Angeles.
Regarding the through service Senator Clark states that a limited train between Chicago and Los Angeles, via Salt Lake City, will be the leading feature of the passenger department. This train will be second to none in the United States and will be operated through as a solid Los Angeles limited over other lines between Utah and Chicago, these details to be arranged later. It will be exclusively a San Pedro, Los Angeles & Salt Lake train, however, and put on to cover the territory reached by the new line.

Will Buy Fine Cars.
For this service Senator Clark states that eight or nine solid trains will have to be placed in service, and the many cars necessary for the equipment will at once be ordered for early delivery. The cars will be the finest, most modern and well-constructed that can be bought, to make each limited train equal, if not superior to any that are run in different parts of the United States. The whole equipment will be the same, but there will be an individuality preserved in the make-up for this service.

And in addition to this through Chicago-Los Angeles train there will at once be placed in service another train between Salt Lake and Los Angeles for which splendid equipment will likewise have to be bought. This train will be the local through the States traversed, but between the two cities will make good time from the very start.

Improving the Roadbed.
Regarding construction Senator Clark says that in addition to the work of completing the through line a vast amount of work will be necessary in this State in rebuilding the existing lines. The banks have got to be widened and the whole line practically relaid with heavy steel. The lighter steel will be taken up and used as sidings. These sidings will be put in every five miles. They will be of the standard length to accommodate the longest freight. This work is to be undertaken at once, and on the completion of the new line it is expected that the old track will have very nearly reached the same high standard which is imperative before the through service can be properly inaugurated.

Following reconstruction the ballasting, which is now being pushed on the Leanington cut-off, will be finished on the rest of the older line, which will be made as good as new. All these details were the matters which he yesterday took up with General Manager Wells during the day. Senator Clark left at 4 o'clock for the East.

Must Show Cause to Court.
WASHINGTON, Sept. 2.—In the Supreme court of the District of Columbia today Justice Anderson issued a rule directing Thomas E. Waggaman, treasurer of the Catholic university and trustee for a number of persons from whom he received money for investment, to show cause on September 6 why a receiver should not be appointed for his estate.

Sold Secrets of Government.
TARANTO, Italy, Sept. 2.—A Montenegrin telegraph operator has been arrested accused of the abstraction of documents regarding the defense of the country, which were to be sold to a foreign power. The country to which the documents were to be sold is not known.

Small Pill. Small Dose. Small Price.

Plans for a New Drive and Park

County Board Will Be Asked to
Improve South Main
Street.

There is a movement on foot among the residents just below the city limits on Main street to have that thoroughfare made a public park, and if the proposition meets with the favor of the Board of County Commissioners this street will be made one of the most beautiful parked drives in the State. The scheme will take in what is now known as the South Main street boulevard, extending from Tenth to Twelfth South streets. At the present time this is the best driveway in the county, and is conceded to be better than any road in Salt Lake City. It is the intention of those back of the movement to have the street made into a park like the street in the model city at the World's fair.

The distance from Tenth South to Twelfth South is about one and a quarter miles. The street is 132 feet wide and the country on both sides is well built up. It is believed that the street can be parked and planted with trees and grass and made a veritable little summer resort. By making the driveway seventy-five feet wide there would be room enough for parks twenty and one-half feet wide and eight-foot sidewalks on each side. There would still be left one and a half feet on each side of the drive for hitching and lamp poles. A driveway seventy-five feet wide would be as wide as is State street below Murray.

Heavy teams are now forbidden to use the road on lower Main street, and if the street is parked only buggies and light vehicles will be permitted to use the driveway. A double row of incandescent lights will be run down the street, lighting the park at night. It would not be expensive to thus park the street. The soil is of excellent quality and water can be had in any quantity from the numerous springs in that vicinity. With six-foot paved sidewalks the entire distance and on both sides of the street this would not only become a favorite drive, but would afford the denizens of the city a cool evening stroll during the hot summer days and evenings. If the street is parked it is understood that the street railway company will extend its line on West Temple street to Twelfth South street, thus making the city via State street, thus encircling the park. The matter will more than likely come up before the Board of County Commissioners next week.

The last Saturday night ball of the season tonight at Saltair.

On the Pacific Slope.

REDDING, Cal., Sept. 2.—Four-year-old John Conrad Sholand killed his sister Clara, aged 5 years, this morning at Cassell in the northwestern part of Shasta county, sixty-three miles from Redding. It was an accident. He shot her dead.

SAN FRANCISCO, Sept. 2.—The body of Doris Fuhrig, a midwife, was found Golden Gate park today. She had taken carbolic acid. She was 50 years old. Mrs. Fuhrig had been in continual trouble with her nerves. She was arrested seven times for murder.

MISSOULA, Mont., Sept. 2.—Advice has been received here to the effect that the Northern Pacific will throw several thousands of acres of western Montana railroad lands on the market about October 15.

MALTA, Mont., Sept. 2.—Word was received here from the Cunningham ranch, near Wagner, that Jackson Trank, a well-known character, had committed suicide. The remains were found hanging from a chair by J. A. Ebaugh with a 22-caliber rifle grasped by the barrel in the right hand.

TACOMA, Wash., Sept. 2.—Harry Chester and W. Weinberg, two desperate convicts, escaped from the Federal penitentiary on McNeil's island yesterday afternoon. They have been traced some distance in the woods and bloodhounds are hot on the trail. Both convicts were sentenced at Nome.

ASTORIA, Or., Sept. 2.—Two logging trains came to the same track at Deer River logging camp late yesterday afternoon and as a result of the collision which followed four men are seriously injured and a boy 11 years old is dead.

PORTLAND, Or., Sept. 2.—That there will be a Government mint in full operation at the Lewis and Clark exposition is the assurance given President H. W. Wood by Secretary Shaw of the department. Mr. Shaw has definitely promised this exhibit.

PORTLAND, Or., Sept. 2.—There is a plan on foot in which capitalists of Portland are interested to make Portland the water terminus of the Alaska Short Line railway, which was incorporated in Washington last fall with a capitalization of \$15,000,000.

PORTLAND, Or., Sept. 2.—On the arrival of the bark C. F. Sargent about September 5 from Bristol bay, Alaska, the pack of Alaska salmon destined to the Columbia river will have been all received. The pack this year will be about 15 per cent of the average, owing to the poor run of salmon.

SPOKANE, Wash., Sept. 2.—Charles C. Clark, who brutally murdered Lella Page, his mistress, in Olympia, in March, 1903, was hanged at 5:30 this morning in the state penitentiary at Walla Walla. Clark walked to the gallows calmly with his head erect and faced the fifty spectators with composure.

PORTLAND, Sept. 2.—The shooting of Ole Nelson, a police officer, by an alleged highwayman, last night, is puzzling the detectives. Charles W. Walton, the young man who is alleged to have fired the shot into Nelson's body, admits he is the brother of the notorious Grace Walton of Seattle. He claims self-defense.

VICTORIA, B. C., Sept. 2.—Prof. Edmund S. Meany of the University of Washington, Seattle, is here conferring with the British Columbia Natural History society with a view to securing co-operation in the erection of two monuments on San Juan Island, in the Gulf of Georgia, one at the American camp and one at the British camp. These are to commemorate the existing historical events.

Ceded to Idaho Conference.
THE DALLES, Or., Sept. 2.—At the Columbia river conference of the M. L. church today the question of ceding Malheur, Grant and other eastern Oregon counties to the Idaho conference was discussed and carried. The membership of the inactive preachers residing in the allotted territory has not yet been decided.

Cut on Steel Tubing.
NEW YORK, Sept. 2.—A uniform cut of \$5 a ton on all steel tubing was decided on at a meeting of the steel tube pool today.

WON HIS BRIDE A SECOND TIME

Fickle Connecticut Girl Skips Out.

Declined to Wed Even After
Bridesmaids Had Bought
Their Gowns.

Sails for Europe, Lover Follows, Reconciliation Occurs, Wedding Will Result.

ANSONIA, Conn., Sept. 2.—Investigation disclosed the facts of intense interest in the story of how Miss Ellen Marion Farrell of this city, daughter of a multi-millionaire mine-owner, started Connecticut society by failing to marry David Huyler Gaines of New York, secretary of the Huyler company, even after twelve bridesmaids had purchased gowns and made all arrangements for the wedding.

Won Her Again.
It has developed that Mr. Gaines followed Miss Farrell to Europe and, by his ardent wooing, won back her affections. Now they have returned, are much in each other's company, and Miss Farrell tells her friends that she and Mr. Gaines are to be married in the fall.

There is a belief, however, among the friends of the couple that in the fall announcement will be made that they might have been married while in England.

Love at First Sight.
Miss Farrell and Mr. Gaines, who are known throughout New England and in Florida and New York, fell in love at sight last winter in Florida, and the engagement was soon announced. Arrangements on an elaborate scale were made for the wedding. Gowns of great value were ordered from New York dressmakers and the elite of this State looked forward to the ceremony as the most important social event of the season.

Broke Engagement.
Three weeks before the date set Miss Farrell broke the engagement and returned many of the beautiful and expensive presents given to her by her fiancé and friends. Wherever she went she became the center of comment and, though evidently cheerful, she was said to be under a severe mental strain because of the publicity of the affair.

Accompanied by her mother, Miss Farrell went to Europe. Mr. Gaines heard of her departure and, settling up all his business affairs on this side, sailed immediately afterward and met Miss Farrell in England.

A reconciliation was certainly effected, as both returned here looking as cheerful and happy as before the little "incident."

EXCURSION RATES

Via Oregon Short Line.

St. Louis and return\$42.50
Chicago and return 47.50
Chicago and return via St. Louis, 47.50
St. Louis and return via Chicago, 47.50
Through Pullman sleepers via Union Pacific and Washburn lines.
Limit 60 days. Transit limit 10 days in each direction.
Tickets on sale Tuesdays and Fridays each week. Stop-overs allowed.

The 5th of September being the official closing day for Saltair, we have therefore changed the ending of guessing contest to and including tickets issued up to that date, and all persons having guess tickets for the \$50.00 prize offered by us, are requested to deliver them at our market on or before 6 o'clock p. m. Saturday, September 3. No guesses will be received after that date.

MARKET, 22 and 24 West First South.

THE KOLITZ SPECIAL

To Provo Canyon, Sunday, Sept. 4.
Leave Salt Lake at 9:30 a. m. Fare, \$1.25. Refreshments served free on the train. Trout and chicken dinners at Upper Falls.

MESSAGE FROM DEAD.

Found in a Bottle Picked Up on the Beach.

SEATTLE, Wash., Sept. 2.—In a bottle washed up on the beach at Bartow, a little town on the west shore of Puget sound August 15, this note was found:
"March 6, 1904.—Ship La Morna in sinking condition. No hope for crew. James Sloane, First Officer."

On the reverse of the note was the name W. E. R. Notman and wife, Norfolk Va.

The bottle and note were brought to Seattle today. The British ship La Morna, Capt. Carmack, sailed from Tacoma, wheat-laden, for Queenstown February 27, and is supposed to have been wrecked in a storm off Vancouver on the British coast.

Carroll D. Wright to Resign.
WASHINGTON, Sept. 2.—Carroll D. Wright, Commissioner of the Bureau of Labor, today said he would resign from office at the end of the present year. He will devote his attention to his duties in connection with the presidency of Clark college.

Beveridge Guest of Roosevelt.

OYSTER BAY, L. I., Sept. 2.—Senator A. J. Beveridge of Indiana arrived here today from New York and was driven to Sagamore Hill in time for luncheon.

A WOMAN'S MISERY

LIFE A BURDEN BECAUSE HER
BLOOD WAS OUT OF ORDER.

Mrs. Smith Recovers the Joy of Living When the State of Her Mind Is Corrected—Is Ruddy and Hearty Today.

According to the verdict of the doctors Mrs. Clara O. Smith had but a few weeks of life left to her. For four years she had been growing paler and thinner, and it was known that her case had been pronounced beyond the reach of medical skill. Then a transformation occurred and the woman who had spent most of her time in bed and finally had become so weak that she could not cross the floor, dismissed her nurse, resumed her household work, and gradually took on flesh until she reached a weight of 135 pounds.

The astonishment of her acquaintances was boundless and, as the facts became known, the interest in the story of her recovery extended. To a reporter who visited her home to learn the circumstances, Mrs. Smith gave the following details:

"My trouble began nearly four years ago with hemorrhages of the bowels. Week in and week out these were repeated and there seemed no way of stopping them. I became white as snow. My heart beat so that I could not go up stairs, and later not even the length of the floor. My head kept throbbing all the time just below my ears, and my limbs swelled and would hardly carry my body. Finally I became so weak that I had to lie down all the time."

"My physicians regarded my case as incurable. I was told that there was no possible chance for me and even that I could not last for more than a few weeks. It was then, in October of last year, that my son-in-law saw an advertisement of Dr. Williams' Pink Pills and got some for me. They brought me the first relief I had experienced in all my sickness. I could see a change for the better within the first week after I began to use them. They cured my head aching almost at once and has never returned since. My strength began to come back, my lips and cheeks grew red again, my flesh was restored; in fact, I am now entirely well and able to do the work of a healthy woman."

"I had to give up all my work and stay in bed for three weeks. The change is all due to Dr. Williams' Pink Pills and I know that I cannot be too grateful."

Mrs. Smith who lives at No. 58 Bowlers street, Nashua, N. H., owed all her troubles to deficient and impoverished blood. Nine-tenths of the physical ailments suffered by women spring from this source alone. As long as the blood remains scanty or impure the tissues of the body are starved and every organ fails to do its work properly. Death must result if relief is not found. Multitudes of such cases come to the declared hopelessness, have been promptly and thoroughly cured by Dr. Williams' Pink Pills, and women who were pale, nervous, despondent and daily fading out of life have been changed into the most active and robust of their sex.

For all anemic states, that is in all cases of weakness caused by lack of blood, and for all diseases springing from a perverted condition of the blood Dr. Williams' Pink Pills are the greatest known remedy. They make new blood and give new life to the feeblest. Their effect is simply wonderful. They are sold by all druggists throughout the world.

WHERE WAR RAGES

CHEFOO, Sept. 2.—Melton Prior, a press correspondent, has arrived here from Newchwang, on route home. Mr. Prior says he was never nearer any action than eight miles, owing to the restrictions placed on correspondents by the Japanese.

CHEFOO, Sept. 2.—Richard Harding Davis and John Fox, Jr., American newspaper correspondents, have arrived here from the headquarters of the second Japanese army and will leave for the United States September 8.

TOKIO, Sept. 2.—The artillery captured by the Japanese, which they are using against Liao Yang, is described as being better than the number taken is not given.

TOKIO, Sept. 2.—Admiral Hosoya reports that the Japanese guardship near Yentao, south of Sanshantao, near Taidien bay, Sunday and Monday captured twenty Chinese junk which were attempting to carry provisions into Port Arthur. They were taken to Taidien and were tried and confiscated.

GENSEEN, Sept. 2.—A Korean from the Russian headquarters at Hamhung, forty miles north of Seoul, reports that the Russians have abandoned further military movements until the crops are harvested.

No Receiver for Jerusalem Exhibit.
ST. LOUIS, Sept. 2.—The application of certain minor stockholders for the appointment of a receiver for the Jerusalem Exhibit company at the World's fair was denied today.

Do Not Dose the Stomach.

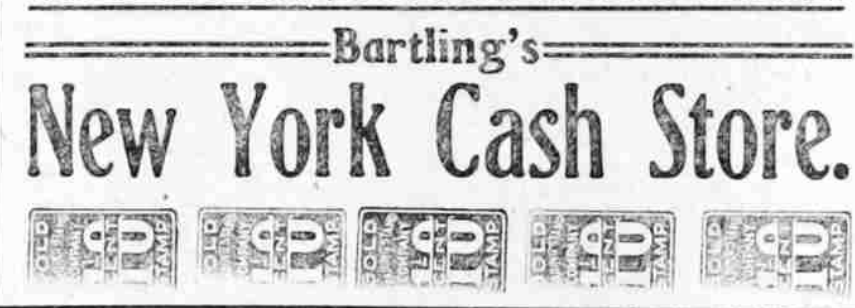

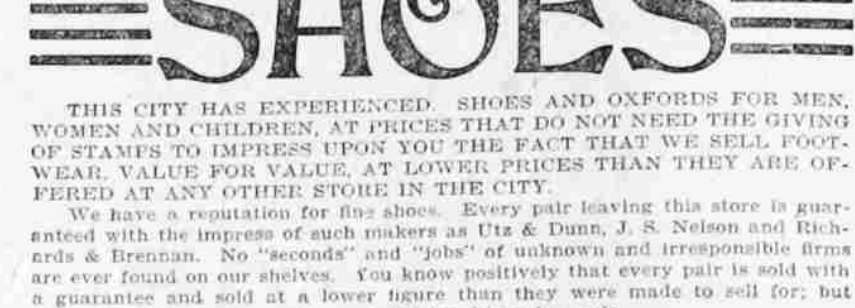

Cure Catarrh by Nature's Own Method—Every Breath of Hyomei Brings Relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by dosing the stomach. Temporary relief may be given, but a cure seldom comes. Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health-giving climate in your vest pocket, and by breathing it for a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine-dropper and a bottle of Hyomei. The inhaler lasts a lifetime and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

F. C. Schramm has sold a great many Hyomei outfits and the more he sells the more convinced he is that he is perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

CURE FOR HAY FEVER.
Hyomei is a positive cure for the sneezing, watering of the eyes, excessive running at the nose, and intense burning of hay fever. It soothes and heals the irritated mucous membrane, and gives quick and lasting relief.

TODAY ONLY

\$7.50 In Trading STAMPS \$7.50
for every

ONE DOLLAR Invested in the Greatest Bargain sale of....

SHOES

THIS CITY HAS EXPERIENCED. SHOES AND OXFORDS FOR MEN, WOMEN AND CHILDREN, AT PRICES THAT DO NOT NEED THE GIVING OF STAMPS TO IMPRESS UPON YOU THE FACT THAT WE SELL FOOTWEAR, VALUE FOR VALUE, AT LOWER PRICES THAN THEY ARE OFFERED AT ANY OTHER STORE IN THE CITY.

We have a reputation for fine shoes. Every pair leaving this store is guaranteed with the impress of such makers as Uts & Dunn, J. S. Nelson and Richards & Brennan.
